10:00 - 17:00 MIM+ Training - Resilience & the Mobility Process
Monet

Trainer: Dr Carmelina Lawton-Smith EuRA Consultant

Resilience has become a topic of significant interest in recent years and this workshop will explore what we mean by resilience and how it might be enhanced to help during difficult times. During this workshop participants will test out a number of tools and techniques that can be used to support both their own and their staff's resilience in times of challenge and change. By increasing their understanding of resilience, delegates may also be able to adapt approaches for use with clients who are having their resilience tested. It will be a highly interactive and practical session that will involve significant interaction and discussion with peers so please be prepared to share examples of events and activities that test your resilience.
